Hiya everyone!

Got some bad news and good news here:

BAD - While finishing up this chapter, I realized I spent too much time on cleaning and redrawing pages.

Expect the quality to be more like page 12 in the future.

GOOD - Hopefully this will allow me to stick to a Monday to Friday schedule, five chapters a week.

In addition to this, I will release an extra chapter every 500 followers "The Fiary Captivity" has on bato.to.

So if you want me to work like crazy, start following - I already have two bonus chapters to do this week! :D
